

# Movie Night on the Lake

**Saturday, June 10, at Goat Island**

Raft up with your buddies, grab some popcorn, and settle in for Movie Night at Goat Island. The HUGE Movie screen will be setup on the South East shore opposite Goat Island. Boats will be tied up off shore facing SE to get the whole big screen movie experience. The action starts at dusk, but you can come early to help setup. Movie Premiere on the lake will be "Over Board" with Kurt Russel and Goldie Hawn with the required lead in cartoon before the main event. The Sound will be simulcast so you can receive it on your boat sound system....
